

## Live Class Lesson 8

I feel sick.

I have a fever.

Do you have a fever?

I need to take your temperature.

Do you have a sore throat?

Where does it hurt?

Are you allergic to anything?

How long have you had this cough?

This may cause sleepiness.

Here's your medicine.

Are you able to walk?

Take a pill in the morning and one at night.

Take this pill on an empty stomach.

Take this pill after you eat.

Don't drive when taking this medicine.

Where's the pharmacy?

How often do you take this?

Are you using any other medications?

Where is the pain?

Excuse me, can you help me?

My mother is ill and I need a doctor.

My son is very sick.

Call 9-1-1 please.

Would you like something to eat?

I want to eat lunch.

I need gas.

I need a ride to work.

Where is the nearest bus station?

I can go in 10 minutes.

It's time to leave?

When will we arrive?

What are the colors of the rainbow?

How many feet in a mile?

How many kilometers are in 5 miles?

How far is 5 blocks?

Can I walk to a grocery store?

Do you have a cell phone I can use?

Where is the nearest mall?

Do you want to go through the drive thru?

Do you have friends that live near here?

Do you have family that I can call?

Is there anybody I can call who speaks English?

Do you need a ride home?

Where do you live?

Are you living here or just visiting?

You should stay home for a few days because you are sick.

You should not walk until your leg has healed.
